

An aerial photograph of three jetskis moving across clear, turquoise water. The jetskis are leaving white, frothy wakes behind them. In the upper left corner, a portion of a coral reef is visible, showing various shades of brown and green. The overall scene is vibrant and suggests a tropical or coastal environment.

We have gained valuable experience of how to provide the best service for our members.

If still undecided we would be happy to put you in touch with some of our current members.

## **CAN I TAKE SOMEONE OUT ON THE JETSKI WITH ME?**

Yes, it is not a problem to take a passenger on the Jetski with you. Please note though that for insurance purposes you are deemed to be always in control of the Jetski.

We encourage members to use their own common sense when it comes to taking children as passengers and what they feel comfortable with.

The club recommends not to bring children under 14 years.
